## **Windmüller & Hölscher Strengthens Sales Activities Down Under**

With a view to intensifying and extending its market coverage in Australia, Windmüller Hölscher has set up, effective 1 July 2008, a new subsidiary. Nigel Compton has been appointed Managing Director of Windmoeller & Hoelscher Australasia Pty., Ltd..

Nigel has many years' experience in the sales of machines and equipment for flexible packaging and knows the market very well. He will report to Michael Fischer, Managing Director of Windmoeller & Hoelscher Asia Pacific.

Windmüller & Hölscher is one of the leading manufacturers of machines and equipment for the Flexible Packaging industry with global presence. Their product range encompasses blown and cast film extrusion lines, flexographic and gravure printing machines, finishing machines, sack, bag and carrier bag making machines, FFS (Form, Fill and Seal) packaging systems, and converting equipment for woven plastic materials.
